Turn yourself into a typing hero!

Welcome to this new & improved, and still humble typing web course. Here you'll find an expanded set of free online typing lessons and typing exercises for beginning typists, and frustrated hunt-and-peckers who want to move from four-finger typing to full-blown touch typing.

I'm hoping the redesign of the site and added keyboarding lessons & exercises are much to your liking, but if for any reason you prefer things the way they were you can still [access the previous site in its entirety here](#).

If you're new here, please begin with the [Introduction and Overview](#).

If you are a returning user, you might just want to check out the new [typing exercises](#), [musical typing](#), [speed typing](#) and [keyboarding practice areas](#)!
